ITSec4You

Wprowadzenie do Active Directory cz. I

✍️ DECLARATION

I hereby give consent for my personal data to be processed by the company for the purpose of conducting recruitment for the position for which I am applying

👤 ABOUT ME

My name is Jakub, I am an enthusiastic and hardworking Computer Science student. As a fast learner and a motivated worker, I enjoy working autonomously and always produce the best possible work. I take on challenges head-on, analyze them first and then implement the solution. I am always able to make quick decisions in emergency situations.

💼 PROFESSIONAL EXPERIENCE

Gorlice Town Hall

Junior IT Specialist

01/2024 – present | Gorlice, Poland

- Preparing and configuring virtual machines to support diverse computing needs within the organization.
- Creating Docker containers for applications deployment within virtual machines.
- Maintaining SQL Database with Firebird by performing routine maintenance, backups, and ensuring data integrity.
- Securing and managing network systems, ensuring uninterrupted connectivity and optimal performance.
- Managing and overseeing a large network of over 100 computers with help of Comodo Software.
- Arranging Zoom calls and meetings for the Mayor and Town Hall workers
